- Providing **daily Bible classes** as an integral part of the curriculum for all students, in which the students will engage the biblical text, examine the basics of a healthy Christian worldview, grow in understanding the essentials of Christian faith, learn the history of Christian thought, and be instructed in Christian virtue for the purpose of spiritual formation.
- Providing **daily, age-appropriate chapel services** where students can engage in meaningful, spirited worship to refocus, recharge, and reconnect with God.
- Encouraging every teacher, at every level, to intentionally integrate faith and learning, teach their subject(s) from a biblically-informed Christian perspective, and **show God at work** in every discipline.
- Providing a foundation for present and future interpersonal and working relationships by teaching virtues such as **integrity, humility, empathy, honesty, and compassion**.
- Inspiring students to develop an awareness of God in the world and inspire passion for further study and reflection of **God's calling** in their lives.
- Teaching our students how to **love the right and the good**, believing that goodness reflects the glory of God.
